

FW2 PROJECT

A young people's transport and youth work project for 16-25 year olds in rural north Flintshire

Flintshire Wheels 2

FW2 stands for Flintshire Wheels 2.

It is a project for 16-25 year olds in rural north Flintshire. It delivers schemes that can help improve access to work, education or training opportunities.

Support may also be offered to some young people from other parts of rural Flintshire.

Schemes and Services

The project's initiatives include:

- a scooter loan scheme
- young driver and rider support and info
- a future trial of electric or foldaway bikes
- info and advice on transport services, and
- various signposting guides.

Project Users are also involved with the planning, development and review of the project.

How to Apply

There are several application and interview rounds each year. Please call 01745 854881 for further information.

There are only a limited number of spaces on FW2 schemes, so there is no guarantee of a place. Priority is given to applicants who can demonstrate that they have the greatest and genuine transport needs.

About FW2

The FW2 Project has been running since 2005 in the Communities First neighbourhoods of rural north Flintshire, and surrounding rural villages and estates of Flintshire.

The project is developed and delivered by Flintshire County Council's Youth and Community Service.

The project is supported by a range of organisations and external funders.

FW2 initiatives with 16-25 year olds in rural north Flintshire:

Scooter Loan Scheme

There are a limited number of spaces on this scheme to hire a scooter on a 6-monthly contract, if you have difficulty getting to and from your work or training.

Info on Discount Travel Cards

We can help signpost you to public transport services. We can share info about various travel cards, journey planning schemes, and websites such as www.traveline-cymru.info.

Young Driver & Rider Support

We can help signpost you to various schemes that support young riders and drivers. There are a limited number of spaces on a discounted lessons scheme (*funded by Cymorth), if it will help your future work or education.

Trial of Electric Bike Loans

There may be a limited trial of electric bike loans, to help with shorter journeys to work or training.

Free Signposting Guides

There's extra guidance available for 16-25 year olds looking for a job, apprenticeship, course, volunteering opportunity or extra transport info.

Please get in touch for more details about the project.
